September, 2011

Greetings in Jesus lovely name.

It is so wonderful to see the churches grow as God continues to work in Central America. He will work wherever there are hearts open to Him. During my ministry time there last month it seems that the young people are especially open to the working of His Holy Spirit. The Corinto 2 church building was full of young people, many of them pre-Christians, on the first Wednesday night of my time in El Salvador.

The Anniversary Cakes

What a joy it was to be with the San Salvador church for their three day 25th Anniversary celebration. It is mind boggling to think that that many years have passed since the beginning of the Jesus Christ Is Lord Church in El Salvador. We were a part of those early days of the work through the numerous trips we made each year from Guatemala where we lived at that time. Those were years of conflict in the country so we did not think it was wise to move there until more peaceful times. We moved to El Salvador in '94.

On Sunday of the celebration I had the privilege of speaking to a full house. Some were there who have been around since the first services to testify that God has been faithful. "He who has begun a good work... will perfect it." At the close of the service I was honoured with a plaque for those years of service.

El Salvador Elder/Pastors

All the parents of the neighbourhood children who are being blessed by the ministry of Compassion International were specially invited to the Saturday night service. Many of them had not as yet accepted the Lord Jesus into their hearts. They were excited to see their children on the platform singing a couple of action songs. After the message I invited the couple who were sitting beside me to go forward. They received Jesus as Savior and Lord that night. Compassion International does a good work, partnering with the local church.

The Children Singing

In Lourdes we taught a mini Bible Study series on the Monday nights on our battles with the unseen forces around us. That little church is also doing a good job of reaching out to the community. There too, it seems, the young people are the ones both responding and participating.

It was good to stay with the Lapka's this time. Ron, Sherry, Charis & Kaelyn made my stay super comfortable and really made me feel at home.

Thank you again for standing with us in prayer. Continue to pray for Central America. There are great needs there. For instance, gang violence there has reached frightening proportions.

May God bless you,

Bill & Lorraine Lindberg
