

Elsie Welch is a passionate person with the zeal and call of a revivalist. She loves to exhort the whole body to come into their full destiny in God. God has used her extensively in evangelism, revival and deliverance ministry in Canada as well as in many nations of the world. There is a reason that some have dubbed her Warrior Chick!

Being the single mom of three grown sons she understands the pain of family breakdown but also knows the faithfulness of the Father to heal broken hearts and to be "more than enough."

She is a veteran minister who was saved at the age of eleven and called to missions.

After ministering in Mexico for eleven years and in Estonia for seven, God has been opening doors to the whole world. Being drawn to the "dark hidden places", her travels have taken her to different parts of S E Asia, Central Asia, Africa, Eastern Europe and Latin America. The cry on her heart is "Here I am Lord! Send me!"
