## Serge & Lynn's Wonderful Story

After being excommunicated from the Catholic church 30 years ago for giving their lives to Christ, they were led by God to speak to a Catholic priest about hosting Bible studies. He agreed and even offered a room for meetings on his church premises. For 3 years, 15 to 30 people have attended weekly prayer and Bible studies. Now another diocese has asked for the same in their area. Souls are saved & lives transformed when the gospel is preached.

**I**t was great to have Kenn Parker visit and minister in four of our churches as well as at a leader's weekend retreat this past February.

Our churches range from 12–120 people and meet regularly in private homes or buildings which they either own or rent.

**G**ary, currently District Director, works closely with 4 churches & 2 home groups.

They are praying for direction as they form core groups to accommodate growth in our communities. We see great possibilities

before us!!

There is also potential for a Bible/Ministry training centre in the Gatineau area. We are currently building a team to develop the centre over the next two years.

**I**n March & April, Gary, as Regional Representative for the ACOP in French speaking countries, traveled to three West African countries and France. Thanks to the volcanic ash, an extra week was added to the trip.

**H**aving our son Kurt as a partner for nearly a month was great! God especially used him among the youth and young adults. Whether we were visiting prisons, or Sunday services, distrib-

## FAMILY NEWS

**Do you think my Mom looks 80??**

We are all doing well and are thankful to you as partners in this ministry. Our goal is, and has always been, to help advance the Kingdom of God in every way possible. Our prayer more than ever is for a move of God in our lives and

for those who are lost without Jesus, the Savior. In July we will celebrate 12 years of living in Quebec. We have never looked back, nor wanted to be any other place despite the huge odds and setbacks along the way. People of all ages, rich or poor,

addicted or educated, have been changed by the love of Jesus. Outreach and discipleship happen through annual trail rides, hockey (the over 50 stuff!!), neighbor links, hunting, fishing, boating, random acts of kindness, preaching, teaching and praying.
