

We are thankful for the blest privilege of serving the Lord here. Along with our national pastors we have proclaimed the Good News of the Gospel.

It was nice to be encouraged and blest by some visiting ministries from Canada this spring. Garth and Myrna Knapp came in February and had a great time of sharing. One highlight was the service in the Kaohsiung prison where we ministered to nearly 200 inmates. There was a wonderful response to the invitation.

In March Lionel Batke blessed us with a visit. It had been some time since he was here last. While here he also shared in our monthly pastors gathering. Through a time of prayer they were uplifted and encouraged.

Early April was when Elsie Welch came. This was her first time in Taiwan. It was our joy to introduce her to some of God's choice people here. That Sunday our main church had an outdoor service in a park and she shared the good things of God. She also spoke in a youth service the night before and many of them were challenged and encouraged to continue on in the Lord.

This year I was not able to make a trip into Szechwan China, but we do continue to pray for those I knew as a child as they serve the Lord under difficult circumstances.

Thank you for your important part in what God is doing here. As you give it makes it possible for us to be here. As you pray it makes us effective as we share Christ here. It is a privilege to be workers together in God's great task of bringing the lost to Himself.

Yours for Souls in Taiwan,  
David and Dennice Matson
